

Blancco Removable Media Eraser – Secure Data Erasure for Removable Media Devices

Blancco Removable Media Eraser protects against loss or theft of data from removable media supported by Microsoft Windows.

With Blancco Removable Media Eraser, you can permanently wipe data using regulatory standards from removable media, including USB drives, SD memory cards, micro drives, CompactFlash cards, MP3 players and other flash memory storage devices in order to prove 100% compliance. Delivered to multiple users as a simple desktop application or MSI package, you can reduce the risk of data loss and fraud using security best practices through single data erasure or simultaneous erasure processes.

Key Benefits

Securely Erase Data in Live Environments

- Permanently wipe multiple flash drives, rapidly and simultaneously
- Create on-demand, centralized data erasure stations within your organization

Flexible User Management for Process Efficiency and Reduced Costs

- Distribute among multiple users through a simple desktop application or MSI package
- Enhance process management by simultaneously erasing multiple devices and display the status of all connected units
- Save post-erasure report locally or integrate with Blancco Management Console

Fully Compliant and Tamper-Proof Reporting

- Automatically generate customized post-erasure reports, detail essential hardware information for a tamper-proof audit trail.
- Strengthen knowledge and awareness of internal policies and processes across the business with scheduling and integrated erasure routines.
- Stay compliant with industry standards and regulations, including PCI DSS, HIPAA, SOX, ISO 27001, ISO 27040 and EU General Data Protection Regulation.

Why Blancco

As the de facto standard in data erasure, Blancco provides thousands of organizations with an absolute line of defense against costly security breaches, as well as verification of regulatory compliance through a 100% tamper-proof audit trail.

Our data erasure solutions have been tested, certified, approved and recommended by 18 governing bodies around the world.

No other security firm can boast this level of compliance with the most rigorous requirements set by government agencies, legal authorities and independent testing laboratories.

Technical Specifications

Erasure

- Erases any type of flash-based removable storage media supported by Microsoft Windows
- Optional automatic formatting after erasure (NTFS)
- Supports all well known erasure algorithms
- Conforms to recognized international erasure standards
- Optimized erasure speed

User Management

- Easy to install and extremely user-friendly
- MSI package can distribute to several users in a large organization
- Capable of simultaneously erasing multiple devices
- Displaying the status of all connected units during erasure enhances process management

Supported Media Types

- USB thumb drives
- Secure Digital (SD) memory cards
- CompactFlash cards
- MP3 players with flash drives
- Digital cameras
- Other flash-based storage media

Reporting

- Automatically generates a detailed erasure report after each erasure
- Report details include serial numbers and other hardware specifics
- Add custom fields in the report process to capture vital process information

Auditing

- Full auditing capabilities
- Standard XML report format for integration with Blancco Management Console

Language Support

- English, French, German and Japanese
